

I do hereby acknowledge that I received a ramp through the 2018 Ready to Roll program, sponsored by His Helping Hands, Advocates for Access and ADA Total Access.

I fully understand that the wood and or aluminum used to build the ramp cannot be otherwise disposed of by me until I have contacted Advocates for Access to determine if the materials can be recycled.

I understand that the Ready to Roll program builds the ramp and is not responsible for maintaining the ramp.

Therefore, I accept full responsibility for the care, protection and the maintenance of the ramp.
